

College Internship

Cox Sports Television (CST) is offering non-paid college internships through our Production, Marketing/Promotions, On Air Promotions and Master Control departments. Student must receive credit from their college or university for work performed. College curriculum should be related to CST's line of work which is television sports production. No experience is necessary.

Job Duties

College Student Intern will perform typical production assistant duties which would vary per department. Duties may include but are not limited to: logging, labeling and organizing tapes, operating television studio equipment (camera, teleprompter), loading vehicles with video equipment and traveling to locations to assist videographer, writing copy for talent, working with universities to secure proper materials for productions, doing computer research for various projects, assisting Master Control operators with dubs, assisting producers on and off site with various productions and other duties, assisting On Air Promotions coordinator with graphic design and editing on Final Cut Pro, writing scripts, updating program schedule on website, assisting marketing manager on campaigns, sending packages out to on site producers.

Time Frame

Intern will be required to work at least 12 hours each week, minimum 4 hours per day for no less than two months during internship duration, exact dates to be determined upon hiring date.

Time of day requested for work will vary: day, evenings and/or weekends.
